I have been coming to the office in Lowell for years with my son. The staff is always so friendly and the office is so clean we feel very safe here. My son is always worried about germs and the ongoing virus and he feels safe here. I have never had a bad experience whether its the front desk or the dentist and hygienist everyone is wonderful and great with the children.

My son has been to the dentist a few times but hasn't been in 2 years due to Covid. I wasn't sure how he would handle someone in his mouth. Kangaroo Smiles in Lowell was great! They made him feel comfortable and the appointment went great. They even got X-rays without any fussing from my son.

Updated review- my son's second appointment at Kangaroo Smiles in Lowell went smoothly as well. They are really great with little kids and make them feel comfortable.

Both of my kids (11 & 12) went in for their first appointment at the Lowell location this morning... I can't say enough! We dealt with a total of 4 ladies (including the dentist) and all of them were amazing. My kids are older, but I had the chance to watch them work with some very young children (prob 2-4) and I was extremely impressed. If you're looking for a pediatric dentist that is patient, polite, informational and willing to make sure your kids are happy and comfortable then look no further. Trust me, this is the office you want to be in with your kids. Thank you Kangaroo!!

My son had his first appointment here and I love it here. The waiting room was kid friendly so my son wasn't as scared to go in. He got nervous when his name got called but the dentists were so friendly and full of energy that he went in and followed all instructions. Great environment and awesome workers. Will definitely keep him here and got my referral to friends and family. 👍

Daughter had a real hard time getting her teeth cleaned and x-rayed at our normal dentist. Coming to Kangaroo Smiles was much more relaxing and they actually took the time to explain to her what was going on and make sure she was comfortable. Also in my experience they've always been on time and also courteous to check with your insurance before performing anything to make sure you're covered

I can not recommend Kangaroo Smiles in Lowell enough! They are so nice and have such an amazing way with the kids. My 2 girls have been going there for 3 years now, and they get excited to go to the dentist and are never afraid or anxious. They also do their best to get both in at the same time so we don't have to be there for 2 back to back appts. I highly recommend Kangaroo Smiles for kids!

I bring my two boys here. Its great! Very nice staff. Always polite. They have a lot of patience when it comes to little kids lol. Very clean environment. They even take a picture of your child when they have no cavities and post it on there Facebook page ( with your consent of course) love this place!

We transferred to Kangaroo Smiles in Lowell from a pediatric dentist in Tewksbury due to insurance changes. It was my children's first time there today. The waiting room was clean and the decor is children friendly and very nice. Everyone was so kind and patient. From the front staff to the assistants and/or hygienist and Dr. Naomi. My children are 12 and 7 and they always have anxiety to the Dentists. They made my children feel relaxed and they were all smiles after their 6 months cleaning. Dr. Naomi was gentle, patient, caring, and explained things thoroughly to me. She even asked me if my kids' has had a bad dentist before. It made me feel good that the staff cared. I am surprised that my 7 year old can't wait to go back!

My children are finally not scared to see a dentist and love coming to Kangaroo Smiles! Their waiting area provides a great distraction for the little ones and the staff are so welcoming, warm, sweet and caring for our children. My daughter had gotten sick from the laughing gas and they handled it with ease and compassion and didn't make her feel embarrassed or uncomfortable at all. We have recommended family and friends as well!

I would recommend kangaroo smiles to anyone with children. They work so good with the kids and make it a less terrifying experience (if you know what I mean). The staff are really great as well as the dentists. Very well kept and clean. Definitely happy that my kids go here! I would rate them a 10/10 if I could! Great work!!!

The staff at Kangaroo Smiles in Lowell are very kid-friendly and professional. I really liked how they had conversations with my daughter and made her very comfortable. I could have left her to go shopping and she wouldn't have been afraid. :-)

Absolutely can't say enough good things about Kangaroo Smiles in Lowell!! Super quick appointments, we never wait long, and my 3 year old actually enjoys getting her teeth cleaned here. Everyone is very nice and treats my child with respect and asks her if something is okay before they do it. I get to sit right next to my child the whole time too. She says she feels "special and safe" at her dentist. We drive here from Billerica and it takes us just 10 minutes.

Kangaroo smiles Lowell was terrific. My 8yo who is very hesitant with any medical visit had a great experience. Everyone was patient and kind and took their time to talk her through her nerves. She handled it like a champ. Thorough instructions were given after the procedure for parents too. —Great experience overall.

It was my daughter's first time at kangaroo smiles in Lowell. She was referred to have a tooth removed, she was nervous and so was I. They made sure my daughter was relax they talked to her throughout the procedure to keep her calm. They work great with kids. I also visit the one in Methuen also for the first time, and all the staff's are the same. Great place to bring your kiddos.

We started coming to Kangaroo Smiles in Lowell since moving to Tewksbury 4 years ago. My boys (ages 7, 11, and 12) have had great experiences here. Everyone is always very kind and informative after each visit. Making appointments is easy and text reminders are very helpful. I would recommend to anyone looking for a pediatric dentist.

Definitely the best dentist for toddlers. They were so welcoming and kind which kept my son super comfortable during his cleaning. The doctor listened to my concerns and lead me in the right direction to get the treatment that he needed.
